THE PRATT INSTITUTE

Dear Graduating Students,

I have met hundreds of your fellow alumni through the years and they always tell me how much they appreciate their recollections of Pratt, especially those of their classmates, professors, classes, and the beauty of the campus. Remember that your graduation is only the beginning of a long relationship that I hope each and every one of you will continue to have with the Institute. I encourage you to stay involved through Pratt's Office of Alumni Relations by keeping us informed of all of your achievements and successes in the months and years to come. Please come back to visit often and you'll be inspired as well as reminded of how much Pratt contributed to your creative life.

I wish the very best of luck to all of you in your future endeavors and look forward to seeing you again.

Congratulations!

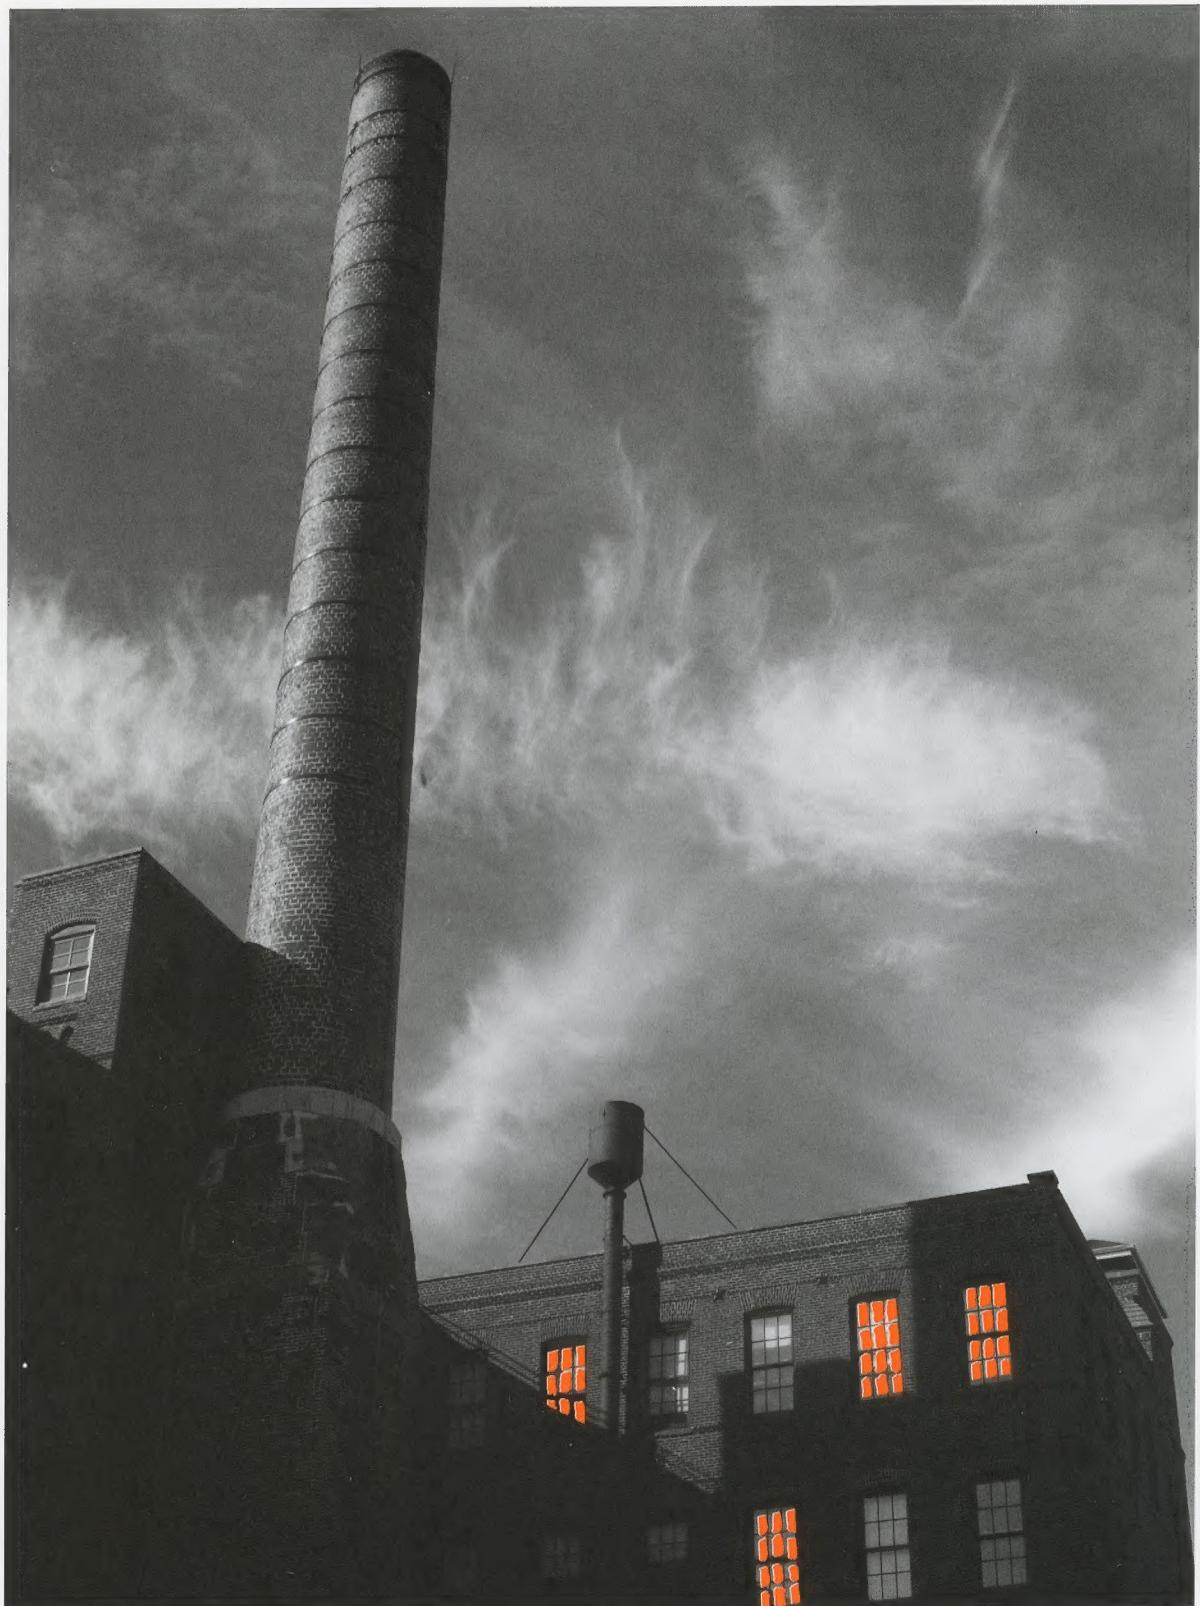

Best wishes,

Thomas F. Schutte

President Thomas F. Schutte

WELCOME

It was over one hundred years ago that Charles Pratt envisioned a community like ours in which creativity and determination pave the way for progress. At Pratt we strive for the best in everything we do. Here you will join your fellow students, professors, and faculty members on this fulfilling journey. You will find sustaining relationships with your peers; individuals who will challenge you to live up to your fullest potential. You will discover your professors to be an inexhaustible resource. With our talented faculty you can explore everything that Pratt has to offer.

As you may already know, Pratt Institute presents you with a college experience much different than other schools. Whether you write, build, draw, paint, or design, you will find yourself immersed in an environment in which creativity plays a major role in everyday life. This lifestyle may seem difficult at times; some days you might find yourself at a loss for inspiration; some nights may be longer than others. However, your time at Pratt will also be filled with many rewarding moments. Some days you will be overflowing with wonderful ideas; some nights your projects will fall seamlessly into place; but you will always find yourself enraptured with the beauty that is being created all around you.

As you embark on this wonderful new chapter of your life, remember this piece of advice from Charles Pratt himself:

“BE TRUE TO YOUR WORK,
AND YOUR WORK WILL BE TRUE TO YOU”

While your friends packed off to state schools, you tried to prepare yourself for art school. But no packet, brochure, or student guide could prepare you for what you'd find here. They didn't tell you how to explain to mom + dad that a 72-pack of Trojans WAS for homework; that the paint manager to find a way onto your clothes, your bedding, and your food, no matter your major; and that being told you're a worthless piece of shit by a professor is supposed to make you stronger. Don't believe them when they tell you that you've reached your hardest year; it always gets worse. You just get a little better at it. But they were right when they said you'll meet inspiring people, push beyond your limits, and graduate prepared for the rest of your life. Because, honestly, how can the real world throw crazier crap at you than Pratt has?

HISTORY

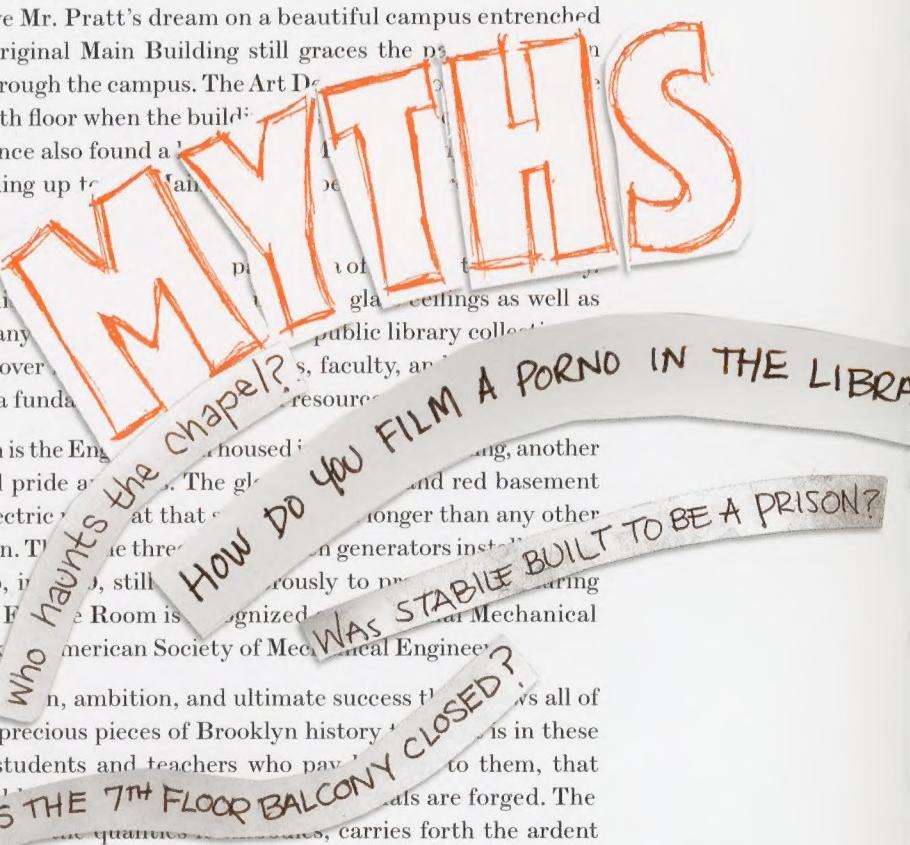

New York's Pratt Institute enjoys a rich history in The City. Nowhere else can you find the region's longest running steam-driven generators or the oldest Library Science school in the nation. Like many prestigious colleges, The Institute was created through the generous philanthropy of its founder, Charles Pratt. As the son of a Massachusetts family with limited means, Mr. Pratt put himself through three winters of school at Wesleyan Academy and eventually came to own a successful oil business. He grew wealthy, yet he never forgot what it meant to struggle with only a limited education. Thus, in the midst of the industrial revolution, Mr. Pratt decided to found a school where people could learn skilled trades and, in turn, take their futures into their own hands.

More than one hundred years later, Pratt Institute remains a center of education where students can live Mr. Pratt's dream on a beautiful campus entrenched in local history. The original Main Building still graces the p² Street that once ran through the campus. The Art Department of Domestic Science also found a l² the exterior stairs leading up to the Home Economics."

The Pratt campus continues to be a prime example of the floors designed by Tiffany in New York City. Today over 100 years old, this historic library as a fundamental part of the public library collection, faculty, and student resources.

A further historical gem is the Engine Room, housed in the basement of the Main Building, another of Pratt's essential pride and joy. The glass ceiling and red basement at that time longer than any other in the region. The three steam generators installed in the Engine Room, if still in operation, is still seriously to note. Today, the Engine Room is recognized as a National Mechanical Engineering Landmark by the American Society of Mechanical Engineers.

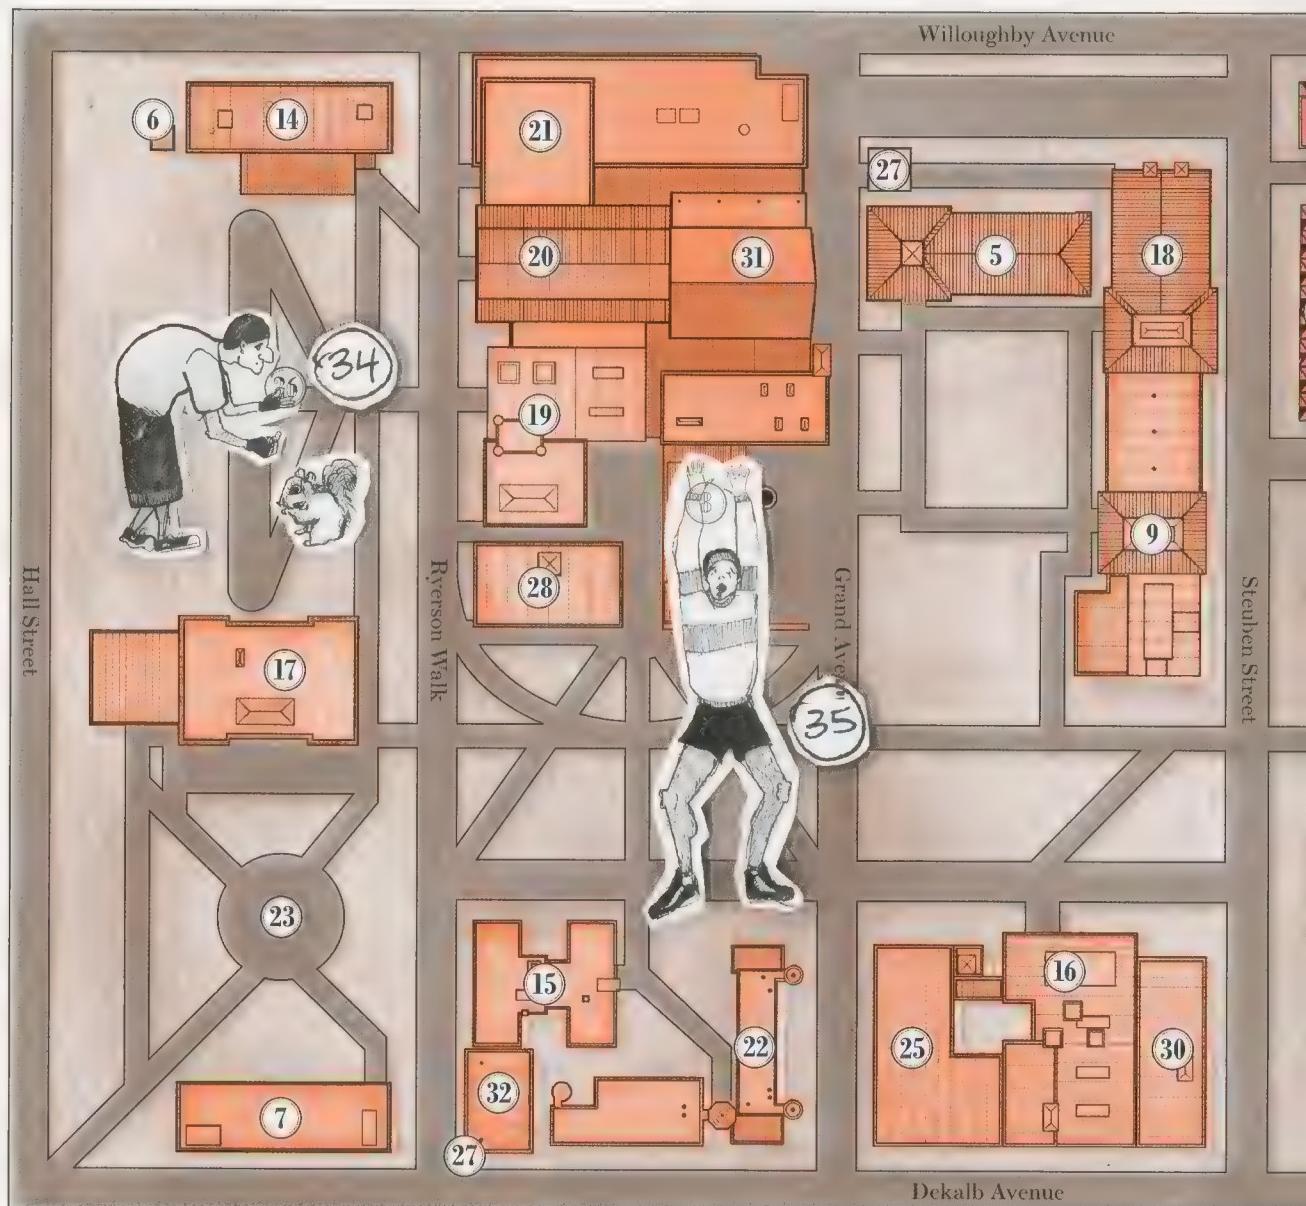

Charles Pratt's vision, ambition, and ultimate success truly shows all of us to appreciate these precious pieces of Brooklyn history. It is in these buildings and the students and teachers who pavilion them, that the spirit of the man, charmed, carries forth the ardent and courageous Mr. Pratt, encouraging all students to be visionaries of just as he was.

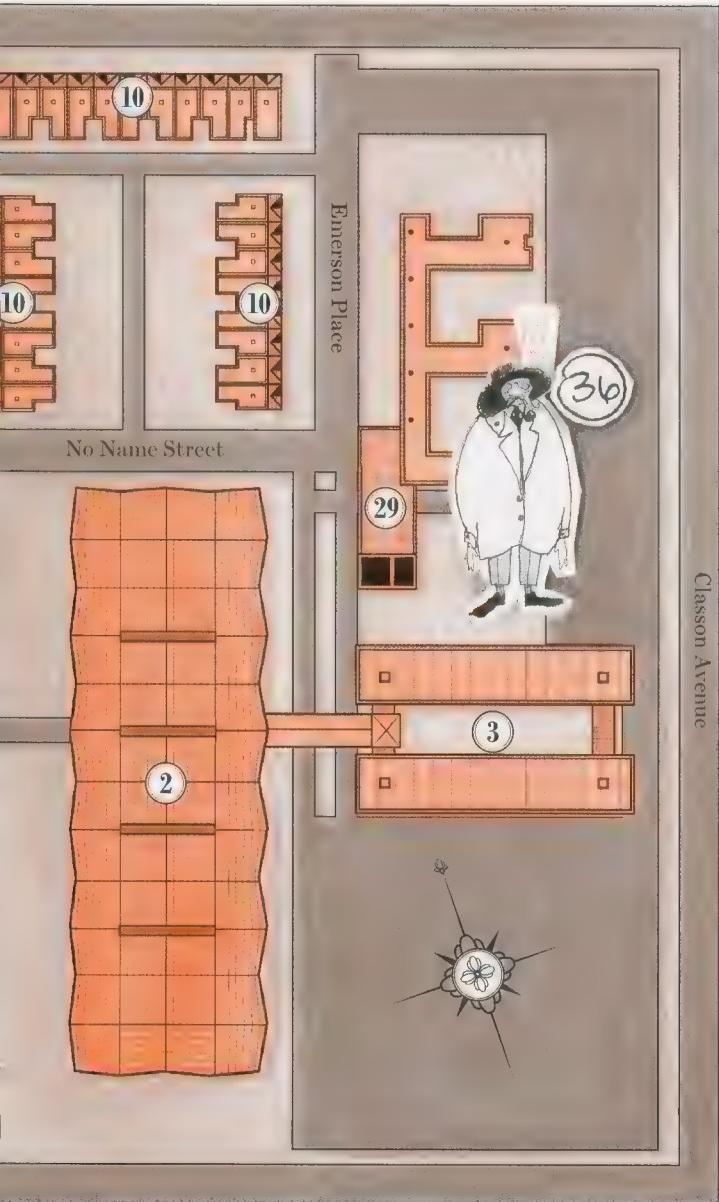

Above, a perspective of Pratt Institute Library's Alumni Reading Room.

DEPARTMENTS

Above, Pratt Institute department chairpersons pictured left to right, standing: Mary McBride (Design Management), Deborah Meehan (Media Arts), Peter Patchen (Digital Arts), Donna Moran (Fine Arts), Bill Fasolino (Foundation Art), Amy Snider (Art & Design Education), Jeff Bellantoni (Graduate Communications Design), Anita Cooney (Interior Design), Ed DeCarbo (History of Art & Design). Seated: Mark O'Grady (Photography), Kathleen Creighton (Communications Design), Concetta Stewart (Dean of Art & Design), Rebeccah Pailes-Friedman (Fashion Design), Jean Davis (Creative Arts Therapy).

SCHOOL OF ARCHITECTURE

The School of Architecture prepares students in the prestigious fields of architecture, urban design, city and regional planning, construction and facilities management, environmental management, and historic preservation. Approximately 1,000 students are enrolled in The School of Architecture in the nine Undergraduate and Graduate programs provided. Those programs are as follows; Architecture, and Construction Management, Urban Design, Regional Planning, Urban Environmental Systems Management, Facilities Management, and Historic Preservation.

SCHOOL OF ART & DESIGN

Pratt offers one of the most rigorous professional art and design educations available. The Undergraduate programs are the following; Art Education, Communications Design, Digital Arts, Fashion, Film/Video, Photography, Fine Arts, History of Art, Industrial Design, and Interior Design, Arts & Cultural Management, Creative and Design Management.

SCHOOL OF LIBRARY

The School Of Library Science offers a degree program that prepares a diverse collection of students for library and information science careers. The program is supported by faculty who are experts in their fields, and it is designed to provide students with the skills and knowledge needed to succeed in the field. The program includes courses in library science, information science, and library management, as well as opportunities for practical experience through internships and fieldwork. The program is accredited by the American Library Association, and it is a member of the Association of College & Research Libraries. The program is located in a modern facility with state-of-the-art facilities and equipment. The program is committed to providing a high-quality education that prepares students for success in the field.

STUDENT GUIDEBOOK

learns how to make responsible decisions at arise with the support of the residential life and is not always an easy task, if a student is able to learn from a mistake, the goal has been achieved. Along with this comes the ability for students to take responsibility for their choices and behaviors. If a student makes an inappropriate choice, they should expect to be held accountable. It is important to note that a different choice is made the next time, no one will bring it up again. This is a process that goes on and forth.

Being a member of the Residential Life team is a great way to make new friends and have fun. We work together to make sure our community is safe and welcoming for everyone.

Members of the Residential Life team are here to help you succeed in your academic and personal goals.

Being a member of the Residential Life team is a great way to make new friends and have fun. We work together to make sure our community is safe and welcoming for everyone.

the difference between the floor in the dormitory and service of the Residential Councils is that we are here to help you succeed in your academic and personal goals.

REASONS TO LIVE ON CAMPUS

Friends all in one building

Laundry, Nurse, C-store downstairs

Breathtaking view of Bed-Stuy **NOT**

Surrounded by Pratt culture, on-campus activities

Parents off your back

Flying roaches the size of your hand!

The PrattStore across the parking lot

Evacuate the building every time someone burns their popcorn **or takes a hot shower!**

No monthly bills/rent

Someone to go to when you're having roommate problems

Security guards downstairs...*sleeping like a baby.*

Elevator

Roll out of bed, get dressed, walk across the street, go to class

S

ing approximately 100 students providing a complete living experience for integral members of the community.

Living rooms with a fireplace, dining rooms with a dining room table, and a kitchen. All on campus have a laundry room, a lounge, a study room, a common room, a television room (except Grand Central Apartments), and a dormitory. Each student has his or her own private room.

In apartments there is a central kitchen, a bathroom, a living room, a dining room, a kitchen, a laundry room, a study room, a television room, a dormitory, and a dormitory.

Each apartment has a central kitchen, a bathroom, a living room, a dining room, a kitchen, a laundry room, a study room, a television room, a dormitory, and a dormitory.

Students and some faculty live in the building. A meal plan is available for students in the building. There are also several single bedrooms in the building. There is a central kitchen, a bathroom, a living room, a dining room, a kitchen, a laundry room, a study room, a television room, a dormitory, and a dormitory.

OFF CAMPUS

STUDENT GUIDEBOOK

NO RA'S!

Choose all of your roommates

Feel like a grown up

 Allowed to keep that Pratt cat you stole last semester

Party, party, party!

Walking to and from class is great excercise

Bed-Stuy is the new Williamsburg!

Control your own heat and A/C

Enjoy furniture larger than 3ftx3ftx3ft

Can have whoever you want sleep over whenever you want for as long as you want

You're in studio all the time anyways, get some time away from campus

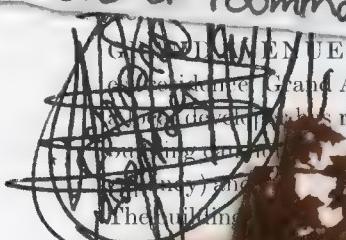

Ikea furniture is the shit

Smoke all you want

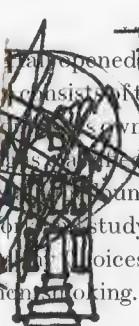

It's cheaper than living on campus!

**especially if you have
LOTS OF roommates!**

PRIVACY!

GRAND AVENUE
is located between Grand Avenue and Nostrand Avenue. It is a quiet residential street with several houses. The buildings are mostly two-story houses with front porches. The street has a few trees and some parked cars. The houses are mostly white or light-colored. The street is relatively quiet, with only a few people visible. The buildings are mostly two-story houses with front porches. The street has a few trees and some parked cars. The houses are mostly white or light-colored. The street is relatively quiet, with only a few people visible.

3 bedroom 1bath

~~Franklin Green~~ 910 505

Was opened in Fall 1990. It houses 224 students in two air-conditioned buildings. Each building has its own laundry facilities, but kitchens are shared. Franklin Green is a mandatory meal plan building. It has a lounge, vending machine area, and study areas are located on each floor. Voices community. Like all first year students, no smoking.

C A M P U S 917 505

for continuing graduate and upper transfer students. Students may sign up for North Campus apartments have k

generator.

Broughby Hall accommodates 800 students in a 4-story building. Apartments have kitchen and living room. In addition, there is a room with a stove, refrigerator, and space with a desk and chair.

There are also several common areas.

The building is located at the end of the street.

12-14 students share an apartment.

at the end of the street.
